I am writing on behalf of Dr. Glenn Paulson. As you may already know, he is preparing the keynote presentation for the Nov. 9th "2012 Health Effects of Shale Gas Extraction Conference" at the University of Pittsburgh's Graduate School of Public Health. He requested that you review the pertinent slides for clearance, especially the multi-agency study slides 44-64. From the multi-agency committee, the slides were also sent to George Guthrie and David Russ.
 Response and suggested edits are due November 2nd. Please send the edits directly to Dr. Michael Broder (broder.michael@epa.gov) and me.

Thank you for your time,

Barbara Martinez, PhD
